

Buller Electricity Limited

New Line Charges

From

1st May 2008

The following information is published to enable electricity consumers to determine the total charge for line business activities for each consumer group which is applicable to them. It also indicates the transmission charges payable to Transpower, the number of consumers in each load group, the date the new line charges will be introduced and the line charge payable prior to these new charges.

M J McSherry
Chief Executive
